THE NEW PIE SHOP

Along with the three major buildings now being erected on the campus is the comparatively unimposing new Pie Shop. Unlike its architectural significance, its position on the campus should be far from minor. The Pie Shop should be Villanova's campus athletic arm, but before that, it must be made aware of this fact.

"TWELVE POUND LOOK"
**SPORTORIAL**

By JAMES FLOODBY, Sports Editor

Finally, it seems, something is happening about the VU basketball. Nothing definite has been announced by the Athletic Office at this point, but it is hoped that this will be definitely underway. For weeks now the lack of a schedule has been the talk throughout the campus. So the clubs, the freshmen, the JV teams, and the most articulate of the varsity players, have been telephoning, writing, and pestering the Athletic Department about this problem. And now, having received this news, many of the other local schools have announced their freshmen seasons. There must be something to this. It is to be hoped that this is the first of many steps needed in a campaign to bring athletic activities to VU. We have had nothing to do with this idea or the others.
